### **Madison Road Widening**

As part of the City's investment in the neighborhood of Madisonville, the City of Cincinnati has contracted with Trend Construction Company to widen Madison Road from East Eastwood Circle to Red Bank Expressway. This project includes the widening on the north side of Madison Road near the Children's Home of Cincinnati property which includes the construction of new pavement, walks and curbs and the installation of a new water main, storm sewer, landscaping and traffic signals.

The project is currently underway and is anticipated to be completed by spring of 2009.

Motorists are encouraged to help improve safety by reducing their speed and using caution when approaching the construction area. Traffic delays are possible and motorists may wish to seek alternate routes.
